CHEVIOT COMPANY LIMITED

IS/ISO 9001:2015

QUALITY POLICY

It is the policy of Cheviot Company Limited to provide high quality jute products globally based on the following precepts:-

- Commitment to understand our current and future customer needs, meet their requirements and strive to exceed their expectations.
- Commitment to creating and maintaining a working environment where all employees, suppliers, service providers, contractors become fully involved in achieving our objectives.
- Meet the requirements of the interested parties and our social, environmental, charitable, regulatory and legislative responsibilities.
- Commitment to achieving continual improvement across all aspects of QMS.

QUALITY OBJECTIVES

- To seek structured feedback from Customers and carry out actions in accordance with stated methods and customer requirements.
- To buildup future workforce through extensive training and also opt for need-based training for existing employees.
- To provide better and safe work environment.
- To keep wastage within allowable limit and decrease waste generation level continually.
- Continually review and monitor all aspects of operations to identify opportunities for implementing continuing improvement.
